

12-209. Care and use of plots.

- (a) No plot shall be enclosed by any fence, curb, hedge, flower border, or other enclosure or demarcation of any kind.
- (b) No trees, shrubs, vines, flowers, or similar landscaping plants shall be planted on any plot, except in containers as part of a monument or headstone and spring perennials that can be mowed. The planting of any tree, shrub, vines or flowers or similar landscaping in any general or common area of the cemetery shall be permitted only upon the express written permission of the city. No trees, shrubs or other landscaping shall be removed, trimmed or pruned, except by the city or at the direction of the city. As an exception, spring perennials that can be mowed may be planted.
- (c) No boxes, shells, toys or other articles shall be placed upon any grave or plot at any time. Any articles left on graves for in excess of ten days shall be collected and discarded without notice to the owner. No glass containers shall be permitted.
- (d) All graves and lots shall be kept clean and free from any rubbish or waste material, and shall, as nearly as possible, be kept level with the natural contour of the ground. Any grading or filling of the plots is prohibited.
